3. Calculator: TI-83, TI-84, or Scientific preferred

*Summer Reading is Optional for HSLP classes. Check CP/AP summer reading list for options per grade level. If summer reading is completed accurately, students will earn a test grade for completing one novel on the summer reading list. For full credit, students must complete any assignments posted with the novel, such as summer reading questions or a novel summary.

High School Students will receive their supply lists when they pick up their schedules on August 3 between 10a – 2p.
